# Flip Your Way to Fabulous Quilts Take Folded Corners to New Heights

*Donna Lynn Thomas*

Donna Lynn Thomas makes brilliant use of the easy folded-corner technique to create striking quilts that only *look* complex. The quilts are divided into three categories: “Try Me” projects build confidence, “Grow with Me” projects develop skills further, and “Master Me” projects become masterpieces.

- Shows how to make striped units without using bias pieces or templates
- Features a wide variety of colorways and fabric styles
- Provides 13 fascinating projects with broad appeal
