The blocks in this sparkly quilt are made four at a time. Each set of four blocks uses one dark and one medium solid (or prints), both from the same color family, and a white-on-white print. In the pattern, one white-on-white print is used throughout the entire quilt although you can certainly choose to use a different white print with each set of four blocks.

An optional \$12 block kit is available for sale in class in a variety of solid colors. The kit includes all fabrics needed to make four blocks with the class pre-cutting done. There's no need to pre-order or pre-pay for the kits. You can pay before class, after class, or during lunch via cash, check, or credit card.

- 1 fat quarter each of 12 dark prints
- 1 fat eighth each of 12 medium prints
- 2 5/8 yards of one white print or else twelve assorted 12" x 21" pieces of white-on-white prints.
- 1/2 yard for binding
